SKILLS

- HTML5, CSS3, SASS, RWD, Bootstrap, JavaScript, Node, GIT, Ajax, Jira, Kanban, React, Redux
- VBA (Visual Basic for Applications)
- Successful working in a team environment, as well as independently
- The ability to work under pressure and multi-task
- The ability to follow instructions and deliver quality results
- Ability to adapt to multicultural environment gained through my work experience abroad

EDUCATION

University of Gdańsk, Master's degree in Business Administration, 2001

PERSONAL PROFILE

Extremely motivated to constantly develop my skills and grow professionally. I have always dreamt about creating professional websites. Therefore, I have finished 9 months long Web Developer bootcamp to make my dream come true.

COURSES

Front End Web Developer bootcamp in Kodilla coding school from 10/18 to 08/19.
The course included individual and group Web Development projects.
I learnt how to use the cutting-edge technologies like Node, React and AJAX to build professional web applications.
I learnt how to program in the most popular language for creating web sites - JavaScript.

WORK EXPERIENCE

System Operator
Flexitricity.com

JUN 2009 - PRESENT TIME

- Monitoring the status of all units taking part in a variety of energy demand response services;
- Responding to system alerts, either by resolving problems directly or escalating them further;
- Data-capturing and analysing;
- Creating reports;
- Extensive use of VBA (Visual Basic for Applications) to manage large number of data in MS Office.
